

ENERGY INDUSTRY AND P2 ENERGY SOLUTIONS' ACRONYMS

AEI – Advanced Energy Initiative	EOFL – End of Field Life
AFE – Authorization for Expenditure	EOR – Enhanced Oil Recovery
AGW – Anthropogenic Global Warming	EPA – Energy Production Accounting
AP – Accounts Payable	EPR – Energy Profit Ratio
API – American Petroleum Institute	EROEI – Energy Return on Energy Invested
API – Application Program Interface	ERP – Enterprise Resource Planning
APM – Allocation Process Modeling	ESD – Emergency Shut Down
AR – Accounts Receivable	ESRI – Environmental Systems Research Institute
ASME – American Society of Mechanical Engineers	
ASPO – Association for the Study of Peak Oil	FIP – Fields in Production
ASPO-USA – Association for the Study of Peak Oil-USA	FOP – Fuel Oil Price
AWO – Approval for Well Operation	FUA – Fields under Appraisal
	FUD – Fields under Development
BANANA – Build Absolutely Nothing Anywhere Near Anybody	
BBLs – Barrels of Oil	GB – Gigabarrels = 1 billion barrels
BI – Business Intelligence	GCAGS – Gulf Coast Association of Geological Society
BOE – Barrels of Oil Equivalent	GHGs – Greenhouse Gases
BOED – Barrels of Oil Equivalent Per Day	GIS – Geographic (or geographical) Information System
BOM – Bill of Materials	GL – General Ledger
	GOM (or GOMEX) – Gulf of Mexico
CAFE – Corporate Average Fuel Economy	GOR – Gas Oil Ratio
CB – Core Barrel	GOSP – Gas Oil Separation Plant
CDEX – Check Stub Data Exchange	GTL – Gas-to-liquids Conversion
CDOA – Certified Division Order Analysts	
CDP – Comprehensive Drilling Plan	IEA – International Energy Agency
COPAS – Council of Petroleum Accountants Societies	IOC – International Oil Company
CPLTA – Certified Professional Lease and Title Analyst	IPAA – International Petroleum Association of America
CSUG – Canadian Society for Unconventional Gas	
CTL – Coal-to-Liquid Conversion	JIB – Joint Interest Billing
	JODI – Joint Oil Data Initiative
D&C – Drilling and Completions	JVA – Joint Venture Accounting
DD – Directional Drilling	
DECC – Department of Energy and Climate Change (United Kingdom)	LDO – Land Division Orders
DEV – Developmental Well	LGR – Liquid Gas Ratio
DH – Drilling History	LKO – Lowest Known Oil
DOE – US Department of Energy	LLC – Land Lease Contracts
DOI – Division Order Interest	LLR – Land Lease Records
DP – Daily Production	LMD – Land Mineral Deeds
DR – Drilling Report	LNG – Liquefied Natural Gas
	LOE – Lease Operating Expenses
E&A – Exploration and Appraisal	LPG – Liquefied Petroleum Gas
E&P – Exploration and Production	LQHC – Low Quality Hydrocarbons
EDI – Electronic Data Interchange	
EFT – Electronic Funds Transfer	MBD – Millions of Barrels Per Day
EIA – Energy Information Administration, division of US Department of Energy	MB – Millions of Barrels
	MENA – Middle East and North Africa
	MER – Maximum Effective Rate (of production)

ENERGY INDUSTRY AND P2 ENERGY SOLUTIONS' ACRONYMS (continued)

MMS – Minerals Management Service, division of US Department of the Interior

MRC – Maximum Reservoir Contact

NADOA – National Association of Division Order Analysts

NALTA – National Association of Lease and Title Analysts

NASBA – National Association of State Boards of Accountancy

NHC – National Hurricane Center, division of US National Oceanic and Atmospheric Administration

NGL – Natural Gas Liquids

NG – Natural Gas

NIMBY – Not In My Backyard

NREL – National Renewable Energy Laboratory, a laboratory of the US Department of Energy

NRI – Net Revenue Interest

NOAA – National Oceanic and Atmospheric Administration

NOC – National Oil Company

NPV – Net Present Value

NYMEX – New York Mercantile Exchange

O&G – Oil and Gas

ODAC – Oil Depletion Analysis Centre

OECD – Organization of Economic Cooperation and Development

OGJ – The Oil & Gas Journal

OLAP – Online Analytical Processing

OLTP – Online transaction Processing

OOIP – Original Oil in Place

OPEC – Organization of the Petroleum Exporting Countries

PE – Petroleum Engineer

PGOR – Produced Gas Oil Ratio

PIDX – Petroleum Industry Data Exchange

PO – Peak Oil

P/Q – Pique to Qumulative

PRR – Production Regulatory Reporting

PSA – Production Sharing Agreements

PSC – Production Sharing Contracts

PSD – Planned Shut-Down

PTTC – Petroleum Technology Transfer Council

QC – Quality Control

RE – Reservoir Engineer

RP – Reserves/Production Ratio

RUL – Regular Unleaded Gasoline

SA – Saudi Arabia

SCADA – Supervisory Control and Data Acquisition

SOA – Service Oriented Architecture

SOX – Sarbanes-Oxley

SPE – Society of Petroleum Engineers

SPR – Strategic Petroleum Reserve

SQL – Structured Query Language

STR – State Tax Reporting

TB – Trillions of Barrels

TCF – Trillion Cubic Feet

TCO – Total Cost of Ownership

TOD – The Oil Drum

UAE – United Arab Emirates

URR – Ultimately Recoverable Resources

USGS – United States Geological Survey

VMT – Vehicle Miles Traveled

WELDA – Well Data Report

WH – Well History

WI – Working Interest

WOM – Wait on Material

WT – Well Test

WTI – West Texas Intermediate (crude oil)

YTF – Yet to find

P2 Energy Solutions Acronyms

CTK – Cartographic Toolkit

EDV – Electronic Data Validation

EU – Enterprise Upstream

EDA – Excalibur Data Analysis

EDI – Excalibur Data Interchange

ERS – Excalibur Report Studio

ESI – Excalibur Spreadsheet Interface

FM – Financial Management

LOS – Lease Operating Statements

PM – Production Management

RM – Reserves Management

SDC – Spatial Data Creation

SBVs – Summarized Business Views

TDT – Tobin Data Tools

TEL – Tobin Enterprise Land

TGS – Tobin GIS Suite

TLS – Tobin Land Suite
