

Keeping costs low and in control is a top priority for exploration and production companies. The best way to achieve this goal is to have the right information at your finger-tips and to move on this information agility.

When it comes to managing AFEs, navigating approval and ballot workflows efficiently is hard, but knowing exactly what your projects costs are at any given time may be even harder. P2 AFE is the most powerful AFE workflow and cost management system around. Utilizing P2's in-depth industry experience, P2 AFE was created with the latest technology that allows mobile-enabled AFE workflows and timely, accurate cost control. Integrated with P2 Accounting Systems, AFE cost data flows seamlessly to and from your accounting system. Best of all, there is no software to install, P2 AFE is web-based.

Features

- **Flexible workflow** – Tailor AFE workflows to how you do business
- **Mobile-enabled** - Approve or ballot AFEs via electronic approvals with Windows, iOS, or Android mobile devices
- **Tight cost control** – Don't go over budget or let unauthorized expenditures slip by; use P2 AFE to track field and actual costs against AFE budgets and quickly identify variances
- **Connected field and back office** – Interoperability with P2 Accounting products allows AFE data to flow to and from your accounting system
- **User-based dashboards** – Users have a personalized and prioritized view of the AFEs and tasks needing their attention

- **Save time with AFE templates** – Employ AFE templates to easily create new AFEs and workflows
- **Audit trail** - Track data changes, workflows and emails
- **Role-based security** – Easily manage users and the permissions they need
- **Intuitive navigation and quick search** – Find what you need faster and with fewer clicks
- **Reporting** – Generate out of the box AFE cost, variance, trend, accrual, and budget reports
- **Easy migration** - Move historical data from other AFE systems with ease
- **Short learning curve** – P2 AFE is designed with daily usability in mind
