The Most Widely Used Oil and Gas Accounting Solution in Canada

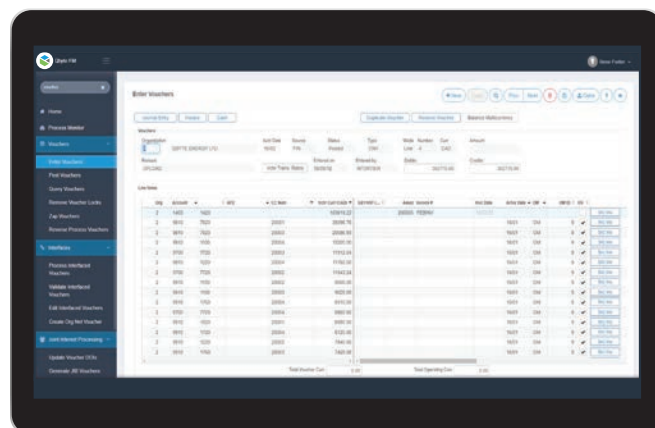

Qbyte Financial Management (Qbyte FM) is a comprehensive financial accounting, reporting and joint venture operations management solution.

Modern Interface for a Modern World

Qbyte FM is a modern application designed so that experienced and novice users alike will intuitively and immediately understand how it works. The logic and patterns that users know from their everyday online life are used in the application.

Support for Unique Oil and Gas Business Requirements

- Automatically Reverse and Rebook JIB transactions for DOI changes.
- Automatically reverse accrual entries.
- Upload or Update mass amounts of master records through spreadsheets.
- Suspend AFE Partners who have not approved an AFE.
- Multi-tier allocations.
- Support your accounting records with file attachments.
- Better Together integration and interfaces between Qbyte Metrix, Qbyte CS Land and Qbyte FM.
- Optimize processes with third party applications using Qbyte Connect.
- One step month end processes.

Designed for Simplicity, Accommodates Complexity

Qbyte FM is designed for efficient day to day activities, while still accommodating the complexity of your business when required. Complex situations can arise anytime, anywhere, at any size of organization. Our application has all the basic data entry features like spreadsheet uploads, real time validation, drop down pick lists, auto complete, and so much more.

Qbyte Optix Reporting is Unmatched in the Canadian Oil and Gas Industry

Optix provides you with one tool to use for all your Qbyte applications. Do quick ad-hoc reporting or choose from over 100 industry standard reports with drill down analysis, and cross application comparisons. All easily shared via spreadsheet download, email publishing or by giving your management team and peers direct access for self-service.

Qbyte FM Grows with You

Whatever your size, whatever your plans, Qbyte FM fits; from startups just getting ready for production to customers that produce 200,000+ BOE/day. We have what you need, when you need it.
