

TWO STORIES. ONE PROCESS.

Integrating distribution and approvals with intelligent finance workflow

REVENUE DISTRIBUTION BEFORE

1

Paper-Based Processes

- ▶ Printing & Stacking
- ▶ Physical Storage
- ▶ Manual Processing
- ▶ Hard to Share

2

Heavy Reliance on Spreadsheets

- ▶ Input Errors
- ▶ Manual Consolidation
- ▶ Zero Analytics
- ▶ Lack of Governance

3

Approvals by 'Sneakernet'

- ▶ Time Consuming
- ▶ Missed Deadlines
- ▶ Penalty Costs
- ▶ Lost Productivity
- ▶ Frustrating

THE RISKS

Approximately 88% of all spreadsheets have errors

Wasted Time

Chasing colleagues for sign-off

Lost Resources

Distraction from core responsibilities

Mistrust

Missed deadlines, payment errors

Missed Opportunities

No timely analysis of data

REVENUE DISTRIBUTION WITH P2 WORKFLOW

Reduced Back Office Operating Expense:
The real benefit of intelligent finance workflow

Visibility

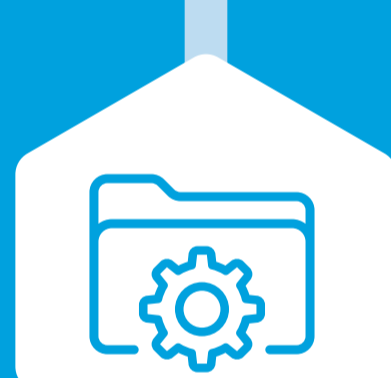

Close process shown in real-time

Automation

Manual tasks across close and approvals minimizes error and effort

Single Electronic Repository

File retrieval simplified

Built-in Approvals

Eliminate sneakernet and save time

Mobility

Track and move processes forward from wherever you are

BEFORE

Print source documents for review

Print in house approval form

Track down signatures for approval

Scan and email

Lose sight of who has and has not signed

Scan all documents into the system

Send to department for processing

AFTER

Automatically scan and route all documents to approver

Instant approval via email

Accurate audit trail

Visibility into stage of process

Automate send to financial system

All documents in one central repository

No more printing, tracking people down or losing sight of processes

Streamlining Approvals:
Essential to Financial Efficiency and Control in Oil & Gas

WHAT OIL & GAS FINANCE TEAMS ARE SAYING

"I love the way the system pulls information into the document automatically."

"We have consistency in how we're sharing and reporting information."

"We're impressed by how easily information is retrieved and validated."

EMPOWERING THE PEOPLE WHO POWER THE WORLD
